About Phifer

J. REESE PHIFER

PHIFER INCORPORATED was established in the year 1952 in Tuscaloosa, Alabama, USA as a weaver of Aluminium insect screening and has evolved itself as a leader in the insect screen, solar control fabrics, drawn wire, engineered products and designed fabrics industries. The success of PHIFER has been achieved as a result of adhering to Mr. Phifer's philosophy of providing our customers with QUALITY Products, On Time, and At the Right Price.

With an expertise of 70 years, Phifer has developed cutting-edge screening products for window and doors that emphasize a clearer view, "High Definition" - type outward view while offering protection from annoying and often disease-carrying insects.

VISION

To Excel in Everything, We Do - Phifer's commitment to Quality Excellence, Safety Excellence, and Service Excellence give it many opportunities to excel in its every undertaking.

MISSION

To Serve Customers - Serving Customers has been and will always be Phifer's infinite goal and is the basis of the quality policy that Mr. Phifer had set into motion back in 1952.
